Dear Mr. Davis:

Thanks so much for sending along the scripts. I did not understand that you wanted me to return the actual script for JOHN PAUL JONES as long as it appeared satisfactory here. Unfortunately I let Professor Alfred Greenfield, Director of the NYU Glee Club have it as I thought he would have an interest in your project. Professor Greenfield usually arranges the musical programs in connection with our dedication exercises.

I shall be getting the JOHN PAUL JONES script back in a day or two and shall forward it to you if you so desire. If you do have extra copies of these we would like very much to add them to our archives.

In the meantime here is the ANDREW JACKSON (Program #10) with small checks in the left margin where there are very minor typographical errors which no doubt have already been caught. 

Very truly yours,

Freda T. Hliddal (Mrs.)
